

PTAC's Bidmatch – A Comprehensive Bid Database

What is Bidmatch you ask? Basically, Bidmatch is a bid matching service that examines local, state and federal solicitations and emails the information found. The service is provided by OutreachSystems, who contracts only with PTACs around the country. With 20 years of experience, OutreachSystems plays a very active role in writing search profiles that match the keywords, phrases and product codes provided that best describe a particular business and is fine-tuned by people, not machines!

Once a profile has been created, the client receives an email notification whenever new bid matches are available. The email looks similar to this...
